Why **BIRDIE·BOXx** ?

In a nutshell - We are great at what we do.

I have a background as a Financial Adviser for over 10 years, along with 4 years in the property industry; so I am very well versed at the importance of having a stand out brand and image.

Here at BIRDIE.BOXx, we will ensure that your Gift Boxes will absolutely delight your recipients and create an everlasting impression through delivering Gift Boxes that are not only bespoke; but which are very different to what others in your industry are doing...this is key for differentiating yourself, your Team and your Business Brand.

CLASSIC DESIGN IS JUST WHAT WE DO

Gone are the days of Hamper style gift baskets...well in our case anyway. We aim for sophistication all the way with high quality gifts put together so elegantly and with purpose - not just ad hoc items in a box. We go above and beyond to source different gift options. Our catalogue and pre-curated gift boxes are not the limit. They are readily available; but can also serve as inspiration to help create your own style gift box. We can assist in that process too.

WE MAKE THE GIFTING PROCESS SO SIMPLE

We not only lovingly put together your gift boxes, but we offer free shipping / delivery to your office (one destination); or we can deliver to different recipients at a cost of \$14.95 per box.

How to Order

1. CHOOSE YOUR GIFTS

call or email sandy@birdieboxx.com.au to discuss your preferences, and we will put together some options for you to choose. We will work with your tastes and your budget. We can mix up your gift box designs so you have a few different designs and gift contents to suit different tastes.

2. CUSTOMISE YOUR GIFT BOXES

Choose whether to add your company branding to your gift box, gift card and gift seals. We offer your branding on the Gift Box at no extra cost. (Minimum of 5 boxes), or you may choose to simply go classic. There are many customisation options available.

3. CHOOSE YOUR COLOURS

Select your gift box, colours to compliment your gift box colour and theme or we can put this together for you, co-ordinating the colours with your gifts. Our default ribbon colour is black, however different ribbon colours and branding available at request..

4. SHIPPING / DELIVERY

Let us take care of your distribution and logistics. We will ship / deliver your Gift Box Bundle directly to your office for FREE or send us your recipient list details and we will arrange delivery directly to them for \$14.95 per gift box.

5. ENJOY

Sit back and relax while we get it all sorted for you. No more wrapping gifts in the boardroom.... - enjoy Friday Night Drinks instead.

Our Collections

We have ensured that we have curated a Gift Box to suit any taste....but as you also know, we do offer a customisation service where we can help you put together that perfect gift if you have something a little different in mind, while also keeping your budget in mind.

We have spent a lot of time sourcing high quality gifts and we do not import from overseas....instead we seek to support all our fellow Australian businesses and especially love to partner up with local and small business as we are a small business ourselves and we know just how important it is to have the support of others who wish to help you grow.

This is where our passion for Gift Box design comes in!! This box of amazingness is put together and gifted by you to show those special recipients who support your business and help you grow... just how much you appreciate them. The fact that BIRDIE.BOXx is able to be a part of this gifting process is the best thing about what we do.

We would like to take this opportunity in advance to express our gratitude for supporting and helping our business grow and develop; and we look forward to helping you do the same and to continue our partnership going forward.

Be different From the Rest

We create truly unique gifting solutions that drive real business results. Whether you're sending to one or one thousand, we help you create genuine & meaningful connections through stylish gifting.

Our gifting solutions are unique and designed around forging real genuine relationships between your business and those who help you make your business grow - whether that be clients, employees, other business associates, suppliers or business partners.

Strengthen your relationships through providing different and unique gifts that are thoughtfully chosen to compliment your recipient's tastes - steer away from the generic gift hamper and opt for classic, contemporary design with brands your recipients know and love!

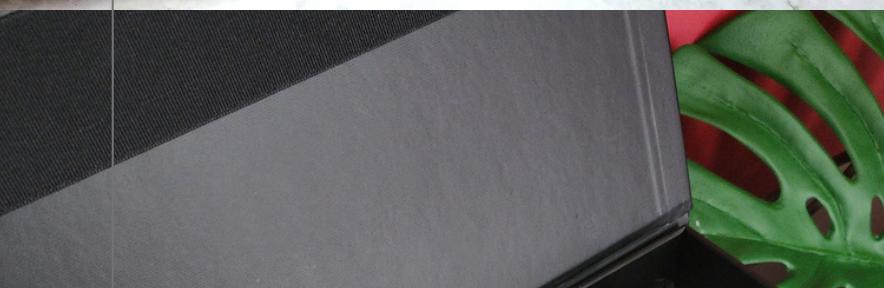

Want to mix it up a little?

All of our Range can be mix and matched so you don't have to buy the same Gift box in every order you make. Not all of your clients are the same; so mixing it up is a great advantage as you can work withing a budget yet still have some different Gift Box contents to suit your client's individual tastes.

We have a low minimum of 5 Gift Boxes - so if you want 5 different boxes; then consider it done!

Endless Design Possibilities

Choose Your Branding Style

The Bucket Box

So here is a sophisticated and elevated take on a Gift Hamper.

With either a Matte Black or Matte White option for the Gift Bucket, these beauties have that amazing feel of a hamper; but with elegance. No straw baskets.....just a stylish and contemporary take on one.

Pick your own gifts, follow your style and preferences. We work for your brand; not ours!

There is so much versatility with the gift choices that can be gathered in these buckets.

Made from the same material as our classic Magnetic Lift Lid Gift Boxes, they are very thick and sturdy and they look even more polished when enveloped with a classic sash bow.

As you can see, there is an option to tastefully incorporate your branding, while ensuring that the gift box is the hero.

Gift Box Colours & Branding

PREMIUM GIFT BOXES FREE BRANDING SET UP - VALUED AT \$95

All **BIRDIE.BOXx** gift boxes are premium matte black or matte white with a magnetic opening front closure, revealing the chosen gifts wrapped in tissue paper. They can be sealed with a branded sticker seal, along with branded gift card at a small additional cost.

Your logo can be placed anywhere you prefer on the gift box. Gift box branding is at no extra cost.

Branded Candles & Candle Boxes

We also offer branded / customised candles with an accompanying gift box, embellished with a 38mm ribbon. All colours will be chosen to compliment your logo or chosen message.

Our candles are made with a soy and coconut wax which burns very clean; along with your choice of fragrance.

Linen Box Wrap Labels

For an additional \$7 per Gift Box, we can provide a Linen Textured Vinyl box wrap which wraps from the top of the Gift box around to the front. This is a very elegant look which has a very polished and sophisticated finish.

All text / logos are printed in spotgloss, which provides a superior shine to the text and really stands out on the matte textured background.

You can have whatever design you wish - unlimited colours, logos, text - simply send us your requirements and we can design it for you, or you can supply us the design yourself.

There is a minimum order of 20 labels, \$140 per 20 pack. We can hold on to these for you for future box orders if you are ordering less than 20 boxes in the one order.

Branded Belly Sleeves for Tea Towels

Although we have many branding options for you to consider, there are some great ideas for an understated, tasteful branding approach by adding a branded belly wrap to tea towels. This combined with box branding and a gift card allows for all the gifts inside the box to have no branding which you may find more suitable for your gifting approach. This has been a popular option for our custom boxes as it does make your brand pop, yet in a more subtle way. We are always here to help you find that perfect approach for your branding solution.

Read our Blog [HERE](#) which reads all about different branding approaches and how to keep it tasteful.

Branded Cheeseboards

We have four different cheese board designs as illustrated above, all of which have the option to have your logo engraved into the board. Branded cheeseboards are a customised gift box option and will be quoted following your customisation quote request. Minimum order of 20 for cheese board branding, which will attract a 16% discount upon checkout on our online store.

Employee Gift Ideas

There is the option to create your signature Cocktail with your own design / Logo on the label.

You can select from an amazing Range of Cocktails, or you can create your own signature cocktail. Incorporate these cocktails with the gorgeous range of barware we offer and give an amazing gift to your Team Members. Minimum order of 18 cocktails. Consider putting them in Gift Boxes for your employees for Christmas, Easter or any occasion. Of course; you can mix up the Gift Box contents to include different barware in each box. Tailor these Gift Boxes to compliment each of your Team Member's taste!!

Why Don't You.....

As a Team Building exercise, consider holding an in - house competition (or even externally with your clients) where the person who comes up with the best signature cocktail recipe wins a beautifully curated gift box complete with a selection of the Clink range and some other goodies as *the PRIZE!!*

ORDER A MINIMUM QUANTITY OF 18 COCKTAILS AND THE PRIZE GIFT BOX **WILL BE GIFTED BY BIRDIE.BOXx AT NO COST TO YOU.** Get in touch with us to receive this offer and quote.

GIFT BOX INCLUDES:

2 x stemless wine glasses

1 x Cuvee' Chocolate (or alternative as available)

1 x bottle of red, white or rose' - give us your preference upon ordering your cocktails.

Branded Wine

As you may know, we have a preference and also encourage minimal branding...choosing one or two branding options for each box.

The branding on your gift box is free; and should you wish to include branded wine; then your logo on the label is all inclusive in the price...no extra cost.

As we have so many different branding options; we recommend that you have a quick chat with us so that we can ensure your brand is celebrated without being over incorporated. We provide a free mockup of your design, so you can visualise it before you commit.

Branded Wine Vessels

We can arrange to have these classic matte black or white glass stemless wine vessels with your logo engraved either on the side / front of the glass, or at the bottom.

These glasses look stunning, with a shiny copper hue on the inside.

They would look amazing with an accompanying bottle of wine and some chocolates.

There is a minimum order of 24 glasses; which would be 12 gift boxes in total.

Another alternative is to purchase the glasses only and use them in the boardroom. Get in touch for a quote.
